

Self-Insured Retention Programs

YOUR PUBLIC ENTITY SPECIALIST

## COMPANY - The Gold Standard

SIRPRO has been providing market speed service to the public entity community for over 10 years. In that period of time the insurance world has changed dramatically. One company that has remained a constant force within this climate of change has been SIRPRO. SIRPRO continues to be on the cutting edge of competition with an extensive library, coverage comparisons, and a new website. Thus, SIRPRO has become the gold standard in wholesale options for the public entity community.

## PERSONNEL - Public Entity Experts

We at SIRPRO believe relationships are the cornerstone of our business. Through hard work and determination we have developed a high level of respect and familiarity within the public entity community. We are public entity specialists, from the President of our company to the CSRs. If we cannot solve your complex problems, we will find someone who can.

## PRODUCTS - One Stop Shop

SIRPRO represents almost every major carrier that writes large public entity accounts, both direct market and surplus lines. In today's competitive marketplace SIRPRO has become specialized in researching and developing new markets. As a result, this has allowed SIRPRO agents to create and strategize before any major market changes have occurred. Do not be caught off guard by the next market change. Save both time and money by adding SIRPRO to your team of professionals. We are proud to be the public entity specialists.
